Lesson: Table Setting in Food Science

Presentation
- Slideshow with Blank Table Setting
- Each setting comes in as we talk about the utensil/serving device

Content
- Traditional table setting in America
- Other countries table settings
- Where you might see a table setting like these

Methods
- Give each student actual table setting materials that they practice displaying properly
- Incorporate this whenever having class meal after talking about creating a menu
- Let students display creativity by talking about table decorations as well
- Find videos of people setting tables

- Students draw in on blank paper as we go through PPT
